Important Notes:

- In determining the RoHS status of its products, Ambiq relies upon its suppliers' material content data certification for each homogeneous material in the product(s) that they or their subcontractors provide. The signature below verifies that statements above, including but not limited to material composition data are valid and accurate to the best of our knowledge for Ambiq products in original sale condition.
- For these purposes, RoHS compliant means that:
 - Our supplier has confirmed the compliance status of the relevant products to us.
 - We have implemented processes to confirm suppliers' statements and maintain relevant documents to support this.
- To the best of our knowledge, none of our suppliers use these banned substances to manufacture our products. Our statements in this document regarding RoHS compliance and lead content do not extend to, or apply to any product subjected to unintended contamination, misuse, neglect, accident, or improper installation.
